PUBLICATION DATE(S): Immediate Release through June 30, 2006

**Town Center Plan and Other Projects to Be Discussed
At Mountlake Terrace Joint Meeting**

The Mountlake Terrace City Council plans to hold a special joint work/study session with the Planning Commission July 10 to discuss the Commission's work plan, especially development of a Town Center Plan.

The Town Center Plan is expected to encourage development and revitalization in the City's downtown business area. Public meetings to start the plan will be scheduled this summer.

Development of the Town Center Plan, with lots of public involvement, helps meet two of the City Council's adopted goals, namely to generate economic development and to communicate and reach out to the community.

Other 2006-2008 projects include updating residential and commercial zoning regulations, finalizing a conservation strategy, recommending comprehensive plan amendments, and developing a street master plan. Plans and regulations that have been considered by the Planning Commission will come to the City Council for a final decision.

The Planning Commission is a seven-member citizen body appointed to advise the City Council on land use and development.

The July 10 joint work/study session takes place at 7:00 p.m. at the City Hall Council Chambers. For a meeting agenda, see the City's website at www.cityofmlt.com or contact the City Clerk at 425.744.6206.
