Join your neighbors at the last community meeting where ARC Architects will present final concepts of the New City Hall and Police Station Addition. Public input from the July 11, 2018 meeting on two concepts has now been combined into one new concept for your review.

The meeting will begin promptly at 6:00 p.m. followed immediately by a Recreation and Parks Advisory Commission meeting where MacLeod Reckord Landscape Architects will present three concepts of a public gathering space also known as the Town Center Park/Plaza. Park impact fees are being used to help pay for the park/plaza. MacLeod Reckord will use your feedback to refine and present a final concept in early 2019.
